

ALL EYES ARE ON THE EAST

Little Korea Will Be the Scene of the First Battle Fought.

MIKADO'S ADVISORS ARE URGENT

Diplomatic Circles at St. Petersburg Now Hurry Troops To the Scene of the Coming Conflict for China.

(Special by Scripps-McLae.)

London, Jan. 7.—Events are moving toward war with startling rapidity in the far East. The developments indicate that hostilities between Russia and Japan cannot much longer be delayed.

Actual war has not yet, however, been declared by either Russia or Japan, despite the rumors to that effect.

Russia's reply to Japan's demands, upon which peace or war depends, has been handed to the government at Tokyo, and while its nature is kept secret, Japan's activity in preparing for war has been redoubled.

Dispatches from St. Petersburg assert there is no doubt that Russia's reply intimates in a friendly way that Russia cannot accept Japanese interference.

Warlike Movements.

The Russian fleet has sailed from Vladivostok, and its destination is believed to be Port Arthur.

Russian marines have been landed at Chemulpo, Korea, to protect the Russian legation at Seoul, but while the legation guards of other nations are permitted to proceed to the Korean capital, Japan is preventing the Russians from going there. As Korea is still an independent state, Japan's act is practically an act of war.

Russia's Mediterranean fleet, now steaming off Bizerta, has been ordered to intercept Japanese cruisers purchased from Italy, and to attack them if war is begun.

Anxiety Prevails.

There is a distinctly anxious feeling all over London and throughout the country.

The only peaceful note sounding

anywhere on the continent is a brief dispatch from St. Petersburg to the Paris Review Russe, which says:

"The probability of war is decreasing. At the present moment Russia cannot make a casus belli of a temporary landing of Japanese troops at a Korean port with the object of maintaining order."

There are two indications that something definite is about to develop in the far eastern crisis.

Cabinets to Meet.

The first of these indications, according to a Tokyo correspondent, is that an urgency meeting of the Japanese cabinet, and the second is that the members of the British cabinet have been notified to assemble.

The meeting of the Japanese cabinet has almost certainly been called for the purpose of considering the reply of Russia to the last Japanese note, and it is equally certain that the meeting of the British cabinet will be for the purpose of discussing the attitude of Great Britain in the light of the Russian reply.

England Must Assist Japan.

This question is beginning to be most anxiously discussed by the British press.

Editorials in the daily papers are almost unanimous in admitting that even if the war should be confined to Russia and Japan, Great Britain cannot possibly see Japan crushed, and that, although not called upon to interfere by the terms of the Anglo-Japanese treaty, and that while hostilities may be confined to the two nations, yet in the event of Japan suffering a great naval defeat Great Britain would be almost compelled to go to her assistance.

SPARKS FROM THE WIRES

Chief Roe of the London, Ont., fire department, was killed, and three firemen were badly injured by the collapse of a burning wall at a fire. President Palma has vetoed the lottery bill, which was expected to provide funds for the veterans of the war against Spain. It can not be passed over his veto.

The Congregation of Rites of Rome yesterday performed the first of a series of ceremonies previous to the canonization of Joan of Arc, namely the official proclamation of the virtues and heroic deeds of the Maid of Orleans.

Emperor William has completed arrangement for the compiling of popular songs, which he promised June 6, during the singing contest at Frankfurt. German, Austrian, Swiss and Dutch melodies will be included. Military songs will also receive attention.

The Bulgarian government has sent a note to Turkey, complaining of the nonfulfillment of promises concerning reforms in Macedonia, and is urgently requesting the port to immediately take the necessary measures to end a condition of affairs so prejudicial to the interests of both countries.

Reports of great destitution and starvation among the inhabitants of Fairbanks, Alaska, having reached the war department of the Columbia, was directed to make an investigation and to take such steps as would conserve the public peace while affording relief.

During a farewell banquet tendered by the San Antonio, Tex., Business Men's club to Gen. Frederick Grant, who goes to Chicago to assume command of the department of the lakes, the hope was expressed that he would some day head a republican ticket for president, a wish in which he good naturedly acquiesced.

WOULD FASTEN BLAME ON THE GUILTY PARTY

Coroner's Jury in Chicago Probing the Iroquois Disaster—Many Witnesses Have Been Called.

(Special by Scripps-McLae.)

Chicago, Ill., Jan. 7.—In the city council chamber this morning the coroner began his inquisition which is to fasten the blame for the Iroquois disaster upon the culpable persons. The coroner's official list reduces the number of dead to 555, due to a duplication of names. Early

this morning W. J. Maher and George Nagle, workmen, said to have called the men above the stage, were arrested. They acted merely as workmen, but their testimony is regarded by the coroner as sufficient to fasten the criminal liability upon the four men under detention. Ten days to two weeks will probably be occupied in the inquiry.

"AH THERE!"

CHINA LOOKS FOR WAR

EVEN LONDON THINKS ANSWER HAS COME

Diplomatic Note From Russia Thought To Be in the Hands of the English Ministry for Their Consideration Today—Japan Is Ready.

(Special by Scripps-McLae.)

Peking, Jan. 7.—The Viceroy of Peking has advised the throne that war between Russia and Japan is imminent.

(Special by Scripps-McLae.)

London, Jan. 7.—A well established belief in diplomatic circles this morning is that Japan has received Russia's reply and that it has been forwarded to Baron Hayashi, the Japanese Minister in London who in turn has submitted it to the British foreign office. It is thought Japan now awaits the British advice before assuming the final attitude. The belief is strengthened by the calling of the cabinet.

Japan Ready
(Special by Scripps-McLae.)
Tokyo, Jan. 7.—It is asserted in official circles here that Japan is ready for the first move on the part of Russia. It is also reported that

the only matters now to be considered rest with the English cabinet for settlement. Word from London is being anxiously awaited.

Russians March

Washington, Jan. 7.—In a cablegram received from Minister Allen at Korea it is stated that the Russian marines who were refused transportation on the Japanese-controlled railway, have marched overland to Seoul.

JEWS PREPARE TO DIE TODAY

Families at Kishineff Who Couldn't Leave, Expect Slaughter by Russians.

Kishineff, Jan. 7.—In many houses within the pale today the families are gathered and are chanting prayers for the dying, so convinced are they that some will die in the massacres that are threatened for tomorrow—the Russian Christmas. The city is most uneasy and even the Russian government officials are uncertain what tomorrow will bring forth.

There is an apparent intention to prevent riots if possible, and even a report that the czar has notified the police that they will be held personally responsible for any murders committed on the Jews.

SANITARY RULES FOR SCHOOL

Teacher Issues Orders Forbidding Pupils to Spit.

Waukegan, Ill., Jan. 7.—Miss Miriam Desley, superintendent of the public schools, has issued an order that all pupils found expectorating on the school grounds, steps, sidewalks, floors or any place on school property are liable to suspension. This beats Dowd, for he does not go so far as to forbid spitting on the ground. She considers it a desirable sanitary measure. She also favors the burning of soiled handkerchiefs instead of washing them.

VETOES CUBAN LOTTERY BILL

President Palma Signs Measure to Stop Gambling Scheme.

Havana, Jan. 7.—President Palma has vetoed the lottery bill. He holds that a lottery is lowering and corrupting and that the government would be culpable in taking money obtained through such a scheme. President Palma has been assured that the bill cannot be repassed over his veto. The house of representatives passed the senate amendments to the loan law, and then resolved to adjourn until after the February elections.

AUDITORIUM AT THE HIGH SCHOOL

Large Audience Assembles There Once a Year, and Every Precaution Taken Against Fire.

Owing to the fact that considerable interest has been manifested in the condition of the high school auditorium in respect to the fire risk, the Gazette made some inquiries today and learned the same facts which are doubtless familiar to many. The auditorium is located in the third floor and has two exits leading into separate hallways seven feet wide, and a fire-escape back of the stage. The hall is used for three audiences but once a year and that is at commencement time. Ordinarily it is only used by the basketball players and athletes, there being but a few of these at any one time. The capacity of the hall is always kept in mind when the invitations are issued for the commencement exercises. There is no fire of any kind in the building at that time but in spite of this the following precautions are observed: A watchman is posted on each floor; a corps of a dozen teachers and pupils keep a careful watch in the auditorium; and one member of the local fire department remains in the building throughout the exercises. By actual observation during the past two years it has taken just five minutes to clear the hall after the commencement exercises.

MIDWIFE IS PLACED IN PRISON

Alleged to Have Allowed Naked Babe to Be Taken Out in Cold.

Milwaukee, Wis., Jan. 7.—Mrs. Nora Baueher, midwife, is under arrest on a charge of cruelty to a newborn babe in her care. The child was one born out of wedlock and a short time after Mrs. Baueher had assisted it into the world she let it be taken from her establishment out into the streets with the weather below zero and with no clothing on. The child nearly died from the exposure, and the doctors say its health will be permanently impaired as the result of it. It is charged that the babe was sent out because its mother could not pay a fee of \$100 for its adoption.

REVOLT IN HAYTI FAILS UTTERLY

Attempt Made During the Absence of President Nord, a Failure.

Port au Prince, Hayti, Jan. 7.—During the absence from Port au Prince of President Nord, who went to Gonaives to take part in the celebration of the centenary of the independence of Hayti, Gen. Montclair attempted to raise a revolt against the president, but the movement failed. The general's son and an accomplice were killed. Numerous arrests were made.

ADMITS THEATER EXITS WERE LOCKED UP TIGHT

Business Manager Confesses That Doors Were Under Lock and Key at Time of Fire.

Chicago, Jan. 7.—Absolute lack of supervision over fire appliances, fire escapes and exits in the Iroquois theater was admitted by the managers, Harry J. Powers and Will J. Davis, and the business manager, Thomas Noonan, in an examination by Attorney Monroe Fulkerson, in charge of the city fire department's investigation.

Noonan furnished the most sensational testimony. Assuming responsibility for the management of the employees of the theater, he confessed that he had never instructed the men under him what they should do in case of fire, and had assigned no one to the management of fire apparatus. He admitted that two exits to Randolph street on the ground floor were locked, and that the fire exits to the north, three each from the parquet and first and second balcony floors, were bolted.

Noonan said he had never instructed Dusenberry, the head usher, or the other ushers how loss of life was to be prevented in case of a panic, acting on the presumption that Dusenberry "knew his business." He had never given any instructions to men employed on the stage except Saller, the sterman.

OPPOSE CANAL TREATY DELAY

Committee Refuses To Postpone Consideration of the Panama Pact.

MORGAN PREFERS TO FIGHT NOW

Alabama Statesman Begins Securing Data for His Big Speech on the Much Mooted Question in the Senate.

(Special by Scripps-McLae.)

Washington, Jan. 7.—Senator Morgan began to sharpen up his old knives Wednesday for a long fight on the Panama canal treaty, and opened his new plan of campaign by proposing a week's delay in the committee on foreign relations. The treaty came up for consideration for the first time in the committee, and Mr. Morgan at once moved for postponement. This was voted down, 9 to 2—a party vote, with the exception of Senator McCreary of Kentucky, who voted with the Republican members. Senators Morgan and Bacon were the two members of the committee supporting the motion. Senators Money and Clark of Montana were absent.

Secretary Hay has completed his final revision of the answer to be made by the American government to the protest filed by Gen. Rafael Reyes, the Colombian minister, against the action of the United States regarding affairs on the Isthmus. This paper, with Gen. Reyes' note, it is expected, will be sent to congress next week.

STATE NOTES

A resolution that the law providing for a supervisor of assessments is useless will be considered by the Board of the La Crosse county board this morning.

The Oshkosh lodge of Knights of Pythias has secured lodge rooms, which will be handsomely furnished and sublet to other fraternal organizations.

The latest work of Prof. M. O. O'Shea of Madison, a book on education, has just been published. It is the first of a series of books on educational subjects.

At a special meeting of the Waukesha county board a committee reported that it would require at least \$10,000 to put the new insane asylum building in a condition to be accepted by the state board of control.

Members of the St. David's society of Racine have arranged for a big extended ball, to be given on the evening of March 1. Prizes are to be offered for choruses and other musical and literary events, and will be open to the state.

Harry C. Dittmar of Fond du Lac disputes the statement that O. F. Brethaupt of San Francisco is the oldest member of the Knights of Pythias in the United States. Mr. Brethaupt joined the order in 1869, but Mr. Dittmar had then been a member two years.

Willis Brown, founder of the American Anti-Cigarette league, is in Racine by invitation of the W. C. T. U. and local ministers, for the purpose of prevailing upon all school boys of years of age and up to send a pledge not to smoke cigarettes. Mr. Brown will address all schools in the city.

The state board of control yesterday awarded the contract for furnishing groceries for eight of the nine state charitable and penal institutions during the next three months to Johannes Brothers company of Green Bay. The contract for furnishing supplies for the northern insane asylum at Oshkosh was awarded to the Hents, Hecker & Hayes company of Oshkosh. The two contracts carry about \$7,500.

Mrs. Nordlen, owing to threatening letters, has decided to sing no more in America this season, and sails for Europe on Friday.

When the indictment charging Senator Charles H. Dierich with alleged bribery in connection with the Hastings, Neb., postoffice appointment is called on Thursday at Omaha, the defense will refuse to admit that Dierich had become a United States senator when the alleged transactions took place.

CHOSE HARRIMAN

(Special by Scripps-McLae.)

Newark, N. J., Jan. 7.—Receivers were today appointed for the International Fire Engine company, with a capitalization of \$3,000,000. This is the trust organized five years ago.

LONDON WAR TALK IS AFFECTING THE CONSOLS

Clash Between Russia and Japan Makes a Break in the Trade of Metropolis—Much Excitement.

(Special by Scripps-McLae.)

London, Jan. 7.—Fear of a clash between Japan and Russia within the next few days caused a sharp break in consols on the securities market here this morning. The news of the past twenty-four hours seem to have thrown a declaration of war upon the thoroughly alarmed financial heads of the market and the general opinion is that war will be the outcome of the present difficulties in the east. Advances from both St. Petersburg and Tokyo show that both powers are making all preparations for a conflict and both countries have made moves which might be taken to mean a declaration of war upon the other power. Definite news is looked for within twenty-four hours.

NO ACTION ON THE FRANCHISE

CITY COUNCIL BALKS AT THE FREIGHT PROVISION

AND THE FIFTY-YEAR CLAUSE

Matter Will Be Taken Up Again at Next Regular Meeting, Two Weeks from Monday Last.

"We ask for a fifty-year franchise and are advised that we cannot build a railway of the kind for a period of less time. The proposed substitute of 35 years we cannot accept," said Attorney Wheeler at the council meeting last evening. "The natural term of the bonds is 20 years and at the end of that time we should have to find it would be difficult to do so for a smaller term. We also ask for the privilege of carrying freight business and under our charter we are not incorporated for that purpose."

As to Parcel Freight. "The handling of live stock and threshing machines, necessitating depots and platforms at our stopping places, is not contemplated. All we wish to do is a parcel freight business. To have a permit to carry trucks and satchels does not give us the right to carry a rug or carpet, a can of milk, a tub of butter, or a coo-stove. This branch of the business is certain to be of material benefit to Jansville and I don't know of anybody who can object unless it be the railway companies with whom we come in direct competition, because we shall carry cheaper. The parcel freight directly affects travel on the road. People seeking a market will go elsewhere or come by team if they have no opportunity of carrying their purchases home on our cars. In regard to these two provisions, it will be of no use to pass the franchise unless they are granted."

Some Questions Asked

Section 1 of the proposed franchise states that such freight may be carried as can be transported in cars also used for the transportation of passengers. Alderman Judd remarked that a gentleman from the east told him of an instance where goods were carried in one end of a car also used for passengers. Alderman Judd asked if it was not a fact that when the franchise of the road was here before he had said that the company would just as soon have 30 years as 50 years. Mr. Wheeler said that the Southern Wisconsin Co. wanted to build the road and that it certainly wouldn't say that it didn't want the franchise without the fifty year clause if it was possible to build otherwise. So far as carrying live stock was concerned it had never occurred to the company that they could carry such freight. It is a provision prohibiting the live stock, unless crated, is inalterable. We would not object to its incorporation.

In Reference to Bonds. "We propose to give a bond of \$50,000 as an evidence of good faith and a similar sum for the restoration of the streets," said Mr. Wheeler. "It seemed better to separate the two bonds. It is just as good as \$100,000 and it must be remembered that we've got to go to Edgerton, Stoughton and Madison, perhaps, and give bonds in all of these places."

The Grading of Streets. "If the putting in of macadam inside and outside of the rails is necessary, we will live up to this part of the work. There is another question about the location of our tracks. If the surface of the streets is above or below the grade it does not seem to me that we should be compelled to change the entire surface of the highway. The expense of grading a street always falls on the abutting property-holder. We are willing to change our tracks whenever the city deems it expedient; if we lay above grade we are willing to lower them, and vice-versa."

Action Is Postponed

The council took a recess to consider the matter. Upon returning from the consultation Alderman Judd speaking for the entire council said: "The council resolved itself into a committee of five to whom is referred the franchise with particular reference to an extension of its term—that is to say 50 years instead of 25, and the question of freight. The council was unable to agree on these propositions and at this time it is not prepared to extend the time or freight provision. In common with the people of this city, the council wants the road built, but we can't pass the franchise tonight as the gentlemen want it." The speaker then introduced a motion that the question of adoption be carried over to the next regular meeting. The council was adjourned.

THE CARPENTERS UNION AS HOST

Entertained a Large Gathering at Open Installation and Reception Last Evening.

Over two hundred union men and their families responded to the invitation of Carpenters' Union No. 835 and attended the open installation of officers at Assembly hall last evening. The installation was followed by a social session, with a musical program and dancing. Light refreshments were served. The officers installed were: President—J. A. Skinner. Vice president—O. L. Brownell. Recording secretary—John Bors. Financial secretary—Fred Conners. Treasurer—J. Donahoe. Conductor—D. D. Williams. Warden—W. L. Denning.

NEW PICTURE IN THE GALLERY OF MAYORS

Excellent likeness of Captain Pliny Norcross was hung up yesterday. Upon the request of the council, Capt. May Norcross has contributed an excellent picture of himself to the gallery of mayors in the city hall. Capt. Norcross was mayor in 1878. The picture is a very good likeness and was hung with its five companion portraits yesterday.

JANESVILLE MAN TO BE PROMOTED

Major Cooke of the United States Army, Once Lived Here.

Maj. Lorenzo W. Cooke, the United States recruiting officer in Wisconsin, will attain the rank of lieutenant colonel on Saturday next, when Gov. Young retires as chief of staff of the United States army. Maj. Cooke is at present the senior officer of his grade in the service.

Maj. Cooke is a Wisconsin soldier who has won his way to the front in the last school of campaign and battle. With his parents he came to Wisconsin in the early '50s, locating at Janesville, where his father and two sisters who died within a year of their arrival in Wisconsin, are buried. He entered the service in July, 1862, when he was but 15 years of age, and shortly afterward was mustered into the Twenty-second Wisconsin Volunteers. Later he was transferred to the Thirtieth regular infantry (Sherman's regiment), and served gallantly with that command until the close of the war.

At the close of the civil war he was made a lieutenant in the Third regular infantry and served for twenty years upon the frontier, following the Indians in many campaigns from the Peos to the Columbian.

In the Philippines Maj. Cooke serving still with the Third Infantry, made a brilliant record, serving with signal bravery and ability in north Luzon. Gen. Lawton recommended him for brevet rank because of "gallantry and good judgment." As commander of an expedition to the North Camarones Maj. Cooke plainly exhibited his ability as a commanding officer.

Upon the reorganization of the army in 1891 Maj. Cooke received his commission as major in one of the new regiments, the Twenty-sixth Infantry. Maj. Cooke chose Milwaukee for his recruiting service because Wisconsin is his state and because of the hundreds of friends he has here. He expects to remain for the next two years in charge of the Milwaukee recruiting station.

Wednesday afternoon at 2 o'clock William Croft and Miss Schockneider, of this city were united in marriage at St. Paul's German Lutheran church. Rev. J. C. Koerner officiating. After the ceremony the bride and groom went to the home of the bride's parents in the town of Janesville where a sumptuous wedding supper was served.

They will make their home on South Main street.

Girls to the number of 2,000, employed in the manufacture of petticoats in New York city, have formed a union and demanded a general increase in wages.

AMONG THE WORLD'S WORKERS

News Notes From Various Sources of Great Interest to the Workingman.

A strike of 9,000 carriage drivers and teamsters in St. Louis is threatened. It is stated that if the Citizens' Industrial Association of St. Louis, in its announced purpose to enforce law and order, interferes with the proposed strike of cabmen and carriage drivers, which has been set for Jan. 1, the officers of a dozen of the local unions of the International Brotherhood of Teamsters threaten that 9,000 men will refuse to work and that not a pound of freight or ton of coal will be moved by union labor until the strike is settled. The State Board of Arbitration has decided to thoroughly investigate the pending difficulty between the teamsters and the St. Louis Traction company, with the view of settling it and the differences between the car and carriage drivers and the city council, with the object in view of avoiding a strike of the drivers, as threatened, on Jan. 8.

The struggle between the Chicago Liverymen's and Undertakers' Association and the Livery Drivers' Union, which for the past six days seriously interfered with burial of Chicago's dead, as no hearses or carriages were available for funerals, is to be a fight to the finish, all efforts by conciliation having been abandoned. If the police can not afford protection an appeal may be made to the courts for an injunction against the liverymen. For some days the prospects for a settlement by arbitration seemed bright, but the contending parties drifted further apart and all peace negotiations have been declared off by the employers.

An annual review of the English cotton trade declares that this year has been the worst in the last decade. Eighty-two spinning concerns in Lancashire lost \$18,000 in the year, and the trade must adopt short time because American cotton is 45 per cent above the price at the same time last December. A mass meeting of Lancashire cotton men will be held Dec. 29 to consider the situation. Many of the mills were stopped for ten days during the holiday season.

This week in Cincinnati the first legal proceedings were brought before the Superior court to test the right of trades unions to discipline members in arrears for dues. The Contractors' Association applied for an injunction to restrain the Plumbers' Union from calling out men for any such purpose or for ordering strikes for any disciplinary purpose, when there is no disagreement with the employers or violations of contracts. The Contractors, Association and the Master Plumbers' Association decided last week to bring suits for damages for criminal prosecution and for a restraining order.

A truce has been arranged between the Inland Steel company of Indiana Harbor, Ind., and the Amalgamated Association of Steel, Iron and Tin Workers. Under the terms of adjustment the workers are to accept the 10 per cent reduction in wages until the selling price advances sufficiently to warrant the company in restoring the schedule. The action of the directors of the firm in refusing to deal with organized labor has been evoked. The Amalgamated Association is to be treated as a union, and its members are not to be discriminated against.

It is believed that there will soon be another tie up of the glove industry of Gloversville, Fulton County, N. Y., affecting in the neighborhood of 9,000 persons. For some weeks a series of conferences have been held between the glove Manufacturers' Association and representatives of the International Glove Table Cutters' Union over a clause in the schedule of wages submitted by the manufacturers, allowing of no discrimination regarding union and nonunion glove cutters. These conferences have been without result.

Semi-official information has been given out in Pittsburgh that a general reduction in wages is to be made at all common iron and steel plants in the country that will average about 10 per cent. Including the workmen who have already had their wages cut and those who will be reduced after the first of the year it is estimated that the number of iron and steel men affected in the Pittsburgh district, which includes Sharon, Youngstown and the valleys, will reach fully 50,000. Of this number about 20,000 are employed in independent plants.

The miners of Tunnelton, Howesville and Atlantic, in the Preston county (W. Va.) field, have joined the miners of Irona, in the same region, on a strike against the reduction of 10 cents a ton, ordered by the operators. The force of the strikers is being constantly augmented, and the whole field of about 1,000 miners is now dead up. The men were only organized recently. The organization has promised financial and moral support, and a long struggle is looked for.

Lawrence O. Murray of Chicago, has been chosen as assistant secretary of commerce and labor. The selection was announced Dec. 23, by the President, who stated that the office had been tendered to and accepted by Mr. Murray and that the nomination would be sent to the Senate immediately after the holiday recess. The appointment is made on the personal recommendation of Secretary Cortelyou, who has known Mr. Murray for a number of years.

The Sharon, Pa., plant of the American Foundries company, which has been closed for the past two weeks pending a settlement of a wage scale for the moulders, has resumed operations, an agreement satisfactory to both sides having been reached. It is understood that the men accepted a cut of 10 per cent effective from Dec. 1.

WORK DONE IN THE PAST YEAR

ANNUAL REPORT OF THE MARY KIMBALL MISSION.

MUCH GOOD ACCOMPLISHED

Work Has Been Faithfully Carried Out—Many Poor Families Benefited.

Meetings, 119; sermons preached, 118; calls made, 206; families furnished with food, 50; women lodged and fed, 2; one woman fed 29 days; boys lodged and fed, 2; one girl, an orphan and sick, furnished with food at the mission 5 weeks; men fed 9. A lady, aged 104 years, a native of Porto Rico, familiarly known as "Auntie Smith", after having had a complete home at the mission for 8 months, departed for the better land Jan. 27, 1903. The sick have been visited, and conversation and prayer held with them. Flowers, fruits and other delicacies furnished the sick; flannels and other cloths furnished to be used about the sick; medicine furnished the sick; home found for one child; remains of one prepared for burial; fruit furnished the shut-in; one wedding; four funerals; one car ticket procured for sick man, desirous of reaching friends, but unable to pay car fare; one of the family on visit to Wisconsin state reformatory; a few visits to Rock county jail; employment found for 7 persons; letters written, 216; postals written, 21; articles distributed—Bibles 5, testament 1, papers 1594, magazines 210, books 41, garments 1357, bed comforts 5, bed-spreads 10, bedsteads 2, bed springs 2 sets, cradle quilts 2, bed blankets 4 pairs, table spreads 2, 1 baby bed, mattresses 2, 1 arm chair and cushion, 1 bed tick, shams 2, mullions 3, 1 slate, 1 zipper, a lot of engravings, a lot of carpeting, 1 clock, 1 heating stove, 1 coal stove, 1 clock, 1 dressing comb, 1 sewing book, handkerchiefs, 12 shopping bags 2, a lot of cleaning cloths, material for one bed tick. Work has been provided for the numerous needy people about the city. Sunday school has convened every Sunday. The sacrament of the Lord's supper has been administered the first Sunday evening in each month. Many children found happiness and a bountiful dinner at the mission on Thanksgiving day. Preparations were made to feed two hundred, and verily it was a beautiful sight to see so many bright and happy faces, and listen to the expressions of joy and gladness.

Saturday evening, December 26, 1903, a happy crowd gathered at the mission when Christmas exercises were held. The chapel was well filled, and the program, consisting of songs and recitations by the children pleased the large audience. There were three trees brilliantly lighted, and well filled with gifts. The gifts included new garments, books, toys, and candy, and young and old were well remembered. "Owing to excessive physical weakness, amounting to almost prostration of the writer, the usual watch night service was omitted. MARY KIMBALL, City Missionary.

SPECIAL SERVICE FOR THE STUDENTS

University Will Observe the Death of the Iroquois Fire Victims in Special Service.

Madison, Wis.—The memory of the four University of Wisconsin students who perished in the disaster in the Iroquois theatre in Chicago, Dec. 30, will be the subject of a memorial being arranged by President Charles R. Van Hise. A memorial service will be held in the near future, the occasion to be made a great gathering of the university community, and from this will, it is contemplated, come a movement that will result in a permanent memorial to the dead students. This memorial may be a particular room with appropriate furnishings or it may be a building. The following university of Wisconsin students lost their lives in the disaster:

Edward L. Van Ingen, Kenosha, sophomore student, member of the Psi Upsilon fraternity. John Van Ingen, Kenosha, brother of E. L., sophomore student, member of the Psi Upsilon fraternity. Six members of the Van Ingen family died in the tragedy.

Rosamond T. Parish, Chicago, freshman student, member of the Kappa Kappa Gamma sorority. Clyde S. Thompson, Argyle, sophomore student. The Greek letter society members and chess associates of the student victims are assisting in the plans of President Van Hise.

WHAT AGAIN?

Madison Journal: The state barbers' commission is being heard from. The one dollar assessed each of the 3,000 barbers in the state is not enough. Barber Whitaker of Janesville says that the assessment ought to be raised to two dollars per barber. When one remembers the honest indignation of the demand for the last legislature the protection of the poor customer from the awful ravages of unsanitary shaving it is difficult to repress the hope that these claimants for protection and the limiting of the profit and the entrenchment of monopoly will get their stomachs full of state commission nonsense. To properly support the "examiners" who travel around in Pullman cars each barber should pay \$5 a year. It seems impossible that it can be done for less.

astonishes all by the lavishness and magnificence displayed by a most liberal management in an endeavor to please the public.
Chief among the unique effects is the impersonation of a vivified Scarecrow. After the man of straw has been endowed by magic with vitality and has learned to walk and to talk he discovered that he had no brain and immediately began his quest for the missing organ.
The Wizard of Oz finally trepanned his skull and injected gray substance of the Mark Hanna variety. The Scarecrow immediately became a friend of the laboring man and a candidate for President.

Mr. London G. Charlton is now the managing director of the organization and Charles R. Bacon business manager. They will be heard here in the successful and deservedly popular opera The Serenade the presentation of which is announced for Monday evening.

...Forty Years Ago...
Janesville Daily Gazette, Thursday January 7th, 1864.—General Jonas Sutherland of this vicinity, was recently elected one of the Vice Presidents of the State Historical Society.

The Cold Weather at Avon.—Gentlemen from the town of Avon, informed us that many cattle in that vicinity were so affected by the intense cold of last Friday, at that place, as to bleed freely at the nose. A number of young cattle and quantities of fowls froze to death. When!

Gallatery of Soldiers at Milton.—A lady at Milton speaks in the highest terms of the conduct of the soldiers who were blockaded at Milton Junction by the snow in the recent storm in their treatment of passengers on a train stuck midway between Milton and Milton Junction. She says while most of the male passengers deserted the cars, and left the women and children to care for themselves, the soldiers went to work and dog a path to the beleaguered cars, and then carried

them food and fuel and made them comfortable. They are a gallant set of fellows when ever an appeal is made to their generous impulses.

Frozen to Death.—A young man named Aug Horn, in the employ of a heavy stable keeper at Monroe, Green County, was frozen to death on Thursday last under the following circumstances: He went to carry home some soldiers belonging to the Third Wisconsin Cavalry, who had just arrived at Monroe, and who lived eight or ten miles out of that place. The journey to leave the men was accomplished in safety, and the driver started to return, but had proceeded only a few miles when he froze to death. His body was found on the road, his team only being a short distance from him.

The Handsomest Man Designated.—The Glass Elevator were greeted with a large audience last night, it being well known that the handsomest gentleman in the hall was to be presented with a glass ship. A committee of ladies awarded the prize to

SENATOR LODGE.

In the Senate of United States Senator Lodge of Massachusetts made a telling speech upholding the president in his action regarding Panama. He said in part:

"This morning I had the pleasure of reading the account of a great banquet in New York. Among others present was a distinguished citizen of my own state, whom I am proud and happy to call my personal friend. I rarely agree with him on political questions, but he made a single statement last night with which I think I am in more or less agreement. He referred in a picturesque way to the deafening career that has been run by the republican party since it came into power in 1896. He said they have passed from a needless war with Spain to a wanton war with Colombia.

Needless war with Spain, Mr. President, I am inclined to think that adjective was well chosen. If, when the first stirrings for independence had come in that island, the administration of Mr. Cleveland had behaved with sense and courage; if they had told Spain that the time had come when the United States could no longer hold back and that Cuba must be free, I believed then, and I believe now, that Cuba would have obtained her independence, perhaps after some protracted negotiations, but without any war by us.

"I have always believed that if that administration, instead of taking counsel with the minister of Spain and a great sugar planter in Cuba, had been guided by a sound, brave American spirit before Spain had squandered blood and treasure in the island, we might indeed have been saved from the war.

"And I look forward with great interest and great pleasure to the picture that was drawn at that dinner by the ex-secretary of state when he eulogized the last democratic president. Apparently in twenty years he is the only candidate they can produce, and Mr. Olney seems to think he is the only one they can run."

"Whatever his strength or whatever his weakness, I cannot refrain from saying that his nomination would present me, at least, with one great source of pleasure. His administration has never been discussed. I do not regard the democratic party—this, I suppose is a partisan remark, but I shall make it—as always abounding in good sense, but they had too much sense to fight the campaign of 1896 on Mr. Cleveland's administration. They repudiated him and his administration, and we were deprived of the opportunity of discussing it. We can say what we will about the silver issue, but it was a better issue for the democratic party to meet the country on than what had gone before; and when I saw the accounts of this delightful banquet in New York and read those inspiring speeches and observed the democratic party once more through its chosen leaders there preparing to stand across the pathway of American progress and proposing to put at their head the man who held power last in their name, I confess my spirits rose higher than ever about republican prospects.

"I thought of what a pleasure it would be to contrast the policy which tried to set up Lluokland in Hawaii with the policy of the republican party which has made those islands a part of the United States; to contrast the tariff which they passed and which their own president called the tariff of perfidy and dishonor, with the tariff we passed; to examine the history of the loans which they made in a time of profound peace to the bankers of New York, with an interest rate far above what the

United States could borrow at even then, and contrast them with the loans which we made in time of war; to compare that era of panic and depression with the prosperity which followed. The whole field bristles with delightful contrasts.

"I think that nothing could be happier for us than to have our democratic friends nominate the last democratic reform president with the agreeable record of his last administration as a theme for debate, on a policy of sustaining Colombia and opposing the United States in digging the canal at Panama."

THE MUNICIPAL LEAGUE.

The spasm of reform which struck the Recorder recently is not a matter of surprise and the course of persecution pursued against the mayor and city clerk is in keeping with the policy and character of the journal.

It will be remembered that the Recorder not only opposed municipal reform last spring, but that the editor and manager of that paper aspired to the office of the chief executive and was snowed under to the tune of some 600 majority.

This was an expression of public sentiment which, at the time, was regarded significant and this sentiment is stronger today than when it found public expression.

Mayor Wilson, while rendering the city excellent service as a non-partisan official, happens to be a democrat. He appreciates the fact that he was promoted to office by the republicans of the city aided by the better element of his own party and he is unduly sensitive on that account.

He made a mistake in returning to the city the money paid him for services on the board of review. What the council should do is to refund the money and then establish a salary for the mayor's office. Commensurate with the worst demanded.

The city should be placed on the same basis as other cities of its class. It demands much of its mayor and there is no reason why he should not be paid for services rendered.

The reform administration has now been in existence for 8 months. It has passed through the experimental stage, under more or less adverse criticism and presents today not only a clean record, but an intelligent forecast for the future.

The people generally are satisfied and the Municipal League is entitled to all the credit for results attained.

The Recorder will find, as the spring campaign approaches, that there is no desire to return to the old regime. If it aspires to leadership or very much in the way of influence, it will be necessary for the paper to get in line with public sentiment. The people generally are pleased with a non-partisan administration and the experiment will be thoroughly tested before it is abandoned.

PARTY HARMONY.

It is generally conceded by republicans throughout the state that harmony within the ranks of the party is more desirable than any other issue at the present time. It is generally admitted that this can not be secured under the leadership of Governor La Follette and this fact is so thoroughly recognized that many of the governors admirers question the policy of supporting him for a third term.

There are two other candidates in the field asking support in the interests of harmony. Judge Baensch of Manitowish was the first to announce himself and he is meeting with much encouragement.

Ex-Congressman Cook of Neenah is making his campaign on the harmony issue.

It is safe to say that the nomination of either of these men will result in uniting the party. If the friends of the governor have any influence with him they should persuade him to direct his energies into other channels.

The United States Senate is open to competition and it might be possible for him to land a seat in this distinguished body without serious opposition, under certain conditions.

The governor is supposed to have some interest in the welfare of the party, as well as in his own advancement. It is time to make some sacrifice and he should be willing to share in them. There may be some glory in leading a bitter factional fight but it is destitute of common sense, and can only result in continual disaster.

When the State Central Committee convenes it should be remembered that the interests of more than a faction is at stake, and wise and conservative judgment should control action.

What the people of Janesville want is an intervention line to Madison. They have expressed this desire by petition and the council ought to have some regard for it. It is a poor time to insist on petty technicalities which can only result in defeat.

During the absence of the boy orator of the Platte, the democrats of Nebraska took occasion to bury the hatchet but when William returns he will doubtless have a full grown man to weld instead of the plummy hatchet.

The Governor's Milwaukee organ continues to discuss harmony by maligning Ex-Gov. Schaeffer and all other members of the party who do not bow the knee to the idol of La Folletteism.

Not satisfied with having one member of the family a noted bandit, Roosevelt's two brothers went looking

for trouble and got what was coming to them.

Senator Spooner and Charles should head the state delegation at the national convention. State politics should not be permitted to interfere.

That water wagon coach is nearly denuded of passengers at present and the service will probably be discontinued by the end of the week.

When lawyer Mount of the Recorder appears before the council, it will be time for the lesser lights to take to the tall timbers.

It would be poor policy to send too many vessels to Panama for fear they run into each other and sink the best of the fleet.

Japan said it had exhausted its patience some time ago but some way or other it dug up a new supply some where.

President Roosevelt stood pat on the Panama question if Sens. Hoar and Gorman should patiently wish to know.

Former Senator Mason of Illinois has struck a gold mine and he did not do it while he was in congress either.

As long as Chicago theatres remain closed there will be no danger of another awful theatre holocaust.

If Japan and Russia want to fight why then America can furnish the wheat or mules for either side.

When the asbestos curtain is too much damaged by fire why not cut it up for fuel for the poor?

Canada really is becoming quite cynical since that Alaska boundary settlement.

Still General Wood does not know how near he came to losing his place.

Chicago councilmen may yet be blamed for that Ironquels disaster.

PRESS COMMENT.

Buffalo Express: Among the presents on a South Orange, (N. J.) Sunday school tree were a number of rifles. Preparing the boys to become missionaries?

Chicago Tribune: In the presence of a calamity like that of Wednesday Chicago is not in the mood to tolerate any longer the contemptuous disregard of the common decencies of civilized life that has marked the labor disturbances of the last week.

New York Telegram: Christmas day on Friday and New Year's day on Friday, too. Never mind, next year Washington's birthday, Decoration day, the Fourth of July and Labor day all fall on Monday, and we'll finish out the week for each.

Chicago Inter Ocean: The fire drill which is practiced in the public schools, and which has prevented panic in those institutions on numerous occasions, is a measure of discipline which might be profitably emulated in places of amusement and other establishments where large numbers of adults are employed.

Philadelphia Inquirer: As Senator Stone explains it, the Nicaragua canal route is a Democratic proposition, while that of Panama is Republican. There is no doubt, however, that when the Panama canal is begun any Democrat who wants a bigging job on it can get one.

Bits of Interesting Gossip from Everywhere.

The Windsor prize, given annually by the American Historical association, was won this year by Miss Louise Phelps Kellogg, '97, who is in charge of the manuscripts in the Historical Library. The prize of \$100 was awarded for the best published monograph in the field of American history. The subject of her essay is "The American Colonial Charter." It is about 10,000 words in length and is the result of research work in the libraries of London and Paris since her graduation from the university. Miss Kellogg is well-known in Janesville, having during the past two years given several courses of history before study classes in this city and her success is pleasing to her many friends here.

In the presence of 100 relatives and friends, Miss Jessie M. Vilas and Mr. Lucien J. Pickarts were married Wednesday afternoon at the home of the mother of the bride, Mrs. Levi M. Vilas, 621 Frances street, Madison. Rev. A. W. Stalker officiated. The bride was attended by her sister, Miss Margaret Vilas, and the groom by his brother, Mr. Charles A. Pickarts. Both the bride and groom are well known in this city, having visited friends here many times.

This evening Mr. and Mrs. William K. Shattuck, who have been the guests of Mrs. Shattuck's parents, Mr. and Mrs. Orris Sutherland on East street, will leave for an extended visit in Minneapolis. Later in the month Mrs. Shattuck and her two children will return to Janesville for a visit while Mr. Shattuck returns to the extensive stock farm at Farmington, N. J., which he is manager of.

On January 4th Mr. Fremont Page and Miss Slosson of White Plains, New York, were quietly married at the home of the bride's parents at White Plains. After a short wedding trip they will go to Fort Collins, Colo., where Mr. Page will enter into the real estate and insurance business, having sold his farm in this county and disposed of the rest of his property.

CHIEF CLOSES ALL THE GAMES

An Exit of the Sporting Element to Beloit Is Said to Have Begun.

Without any hue and cry or wave of reform all the poker games in the city were quietly given the tip night before last that any future infringement of the gambling laws would not be tolerated and as a result Janesville sports are now forced to go to the line city if they wish to dally with the cards and dice and ivory chips. According to a Janesville dispatch in the Milwaukee Sentinel, poker playing received a hard blow in this city, when the police closed every card room in the city. It also stated that a grand stampede to Beloit has been made by the sports. From the general tenor of the dispatch residents of other cities in the state would be led to believe that Janesville is a most immoral city, as the closing paragraph hints at poker games without limit being played in many of the best homes, which the police are powerless to interfere.

MANAGER MILLS WAS SURPRISED

TO HEAR OF ATTACHMENTS ON U-PIN-IT PROPERTY.

TELEPHONED THIS MORNING

Will Be Here Tonight to Straighten Out Matters—Had Just Secured Large Orders.

With regard to the attachments of \$54 and \$60 executed on about \$1,500 worth of finished material ready for shipment from the U-Pin-It factory late yesterday afternoon by The Badger State Machine Co. and Geo. Woodruff, administrator of the property in which the factory is located, Manager Victor Mills was heard from this morning. He is in Chicago and communicated over the long distance phone with C. R. Kleintert, the man who had been left in charge.

Some Mistake Somewhere
Mr. Mills expressed himself as very much surprised. He said that the matter would be laughable if it were not annoying. The bill for rent was not presented until two days ago, and Mr. Mills who has been absent for a week did not receive it until this morning. Mr. Kleintert thinks that the whole trouble was brought about by a rumor that the factory was preparing to leave Janesville.

This, he says, was induced by the fact that with the beginning of the holidays most of the girls working there were laid off to await the arrival of blank goods from Connecticut which had been sent there to be jammed. These goods came this week and the girls would have been put on again today to new cards had the difficulty not arisen yesterday.

Was Securing Orders
Mr. Mills went to Chicago to make arrangements for granting the exclusive right to sell the product in one of the eastern territories. He had already closed a contract for 200 gross of cards, value \$3,000, to be delivered as early as possible. The three machines in the factory are worth \$5,000 to \$6,000 said Mr. Kleintert this morning. The latter has charge of the machinery and came here from Waterbury, Conn. Mr. Mills will arrive in Janesville tonight to take charge of affairs.

LUSE TALKED OF FOR SUPREME COURT

Superior Lawyer Is Being Boosted for the Coming Spring Election for Supreme Court.

Madison, Wis.—Attorney Lewis K. Luse of Superior and James C. Kirwin of Neenah are leading the republican faction of Wisconsin in the campaign for the position on the supreme bench of the state to be filled at the spring election in April. This is notwithstanding the fact that Wisconsin has hitherto assumed to be proud of the fact that partisanship, much less factionalism, has not entered into the election of her judiciary. Both of the candidates are able attorneys and are known to be capable timber of supreme bench jurists, but the factional element of the fight is not improbable of resulting in a democratic attorney being brought out as a candidate and elected by the party, with the assistance of the great numbers of voters who are nauseated by the injection of small politics into the filling of a place on the supreme bench of the commonwealth are the likely ones.

Mr. Luse is one of the most popular and able attorneys up the state and was for many years the corporation counsel of the Omaha road. His former partner, A. L. Sanborn of Madison, present legislative agent and attorney of the St. Paul road company, brought out the call for the candidacy of Mr. Luse, which has been signed by the leading attorneys in Madison and in fact, wherever present. Mr. Kirwin is a recent graduate of the state university, an appointee of the governor, and one of his pronounced partisan admirers. He also is an able attorney.

STATE LANDS TO BE SOLD MONDAY
The Sale Will Commence on That Day at the State Land Office in Madison.

Monday morning at nine o'clock, in the state land office at Madison, will begin the sale of the state lands that were withdrawn from the market by the legislature of 1899 and restored to the market by the last legislature. The sales are to be in the immediate charge of State Treasurer Kempf, Secretary of State Houser and Attorney General Surtevant. It will take Mr. Kempf twenty-five consecutive days to conduct the sales. He will be accompanied by a clerk or other member of the force of the state land office. The lands have been appraised and listed, and copies of these lists have been sent to the county officers of the state. Each parcel of land must be offered for sale and will go to the highest bidder received up to or more than the appraised value. As the appraised value is said to be about as high as the real value of the land, it is probable that a considerable number of parcels will not be sold at the public sale. After being offered at public sale, the commission is authorized to sell the lands at subsequent private sale if the highest bid at public sale is not as high as the appraised value. The trip of Treasurer Kempf and the public sales will terminate March 23, at Friendship, Adams county.

MARKET TALK ON CHICAGO MARKET

Latest Gossip from the Closing Reports of the Windy City's Mart.

Chicago.—The opening of wheat market was very tame after the excitement of the last few days. Commission houses had profit-taking orders and the market eased off to 87½ cents. From this point there was a nervous spasmodic trade until reports from London that actual hostilities had commenced sent the price to 88½c. There seemed to be plenty for sale above 88 cents and the leading bull was credited with marketing all the wheat possible above that price and this impression kept the crowd busy trying to get went off on the bulges. The market is entirely dominated by war news and fluctuations will be influenced by rumors from that source, but pending the actual declaration of war we are inclined to think yesterday's high price of 88½c was the top of the movement. We think the leading bull has disposed of a large portion of his line. Would buy on sharp breaks and take quick profits for the present.

Corn acted very well, there was plenty of profit taking and the high price was not maintained but its good property and should be bought on sharp breaks.

Oats followed very much the movement on corn. There was good selling around the top and a break may be looked for. It may be bought on any such move.

FIRE EXITS AT THE MYERS GRAND

Manager Myers Says There Are Three from Down Stairs That Are Never Locked.

That the Iroquois theatre disaster in Chicago has affected the theatrical business throughout the country seems to be a conceded fact in the theatrical circles. In speaking of fire protection and fire exits for theatres this morning Manager Myers said:

"There is not a door in my theatre used for exits that is locked. They are simply bolted and in the future they will be opened at the close of each performance so that the people may go out by them and become accustomed to their use. I have instructed the ushers in charge of the seating of the audience to unbolt the doors on Blue street immediately after the curtain drops and all that side of the house can be quickly emptied. There is also another door on the right hand side of the house which is always open, which goes into the large alley at the side of the theatre. These two doors and the main entrance can empty the house in three minutes at the most.

Upstairs
"There are three exits in the balcony. Two that empty into the main floor of the house and one outside, protected, iron stairway. This stairway is let down each night before each performance. The doorways are wide and the stairs are so well arranged that no crowding is necessary to allow all the people to leave the theatre in a few moments by the three exits. In the gallery there is an exit which is not connected in any way with the rest of the house and wide stairways lead to the ground.

Fire Protection
"In the auditorium of the house fire grenades are placed and on the stage are two hydrants with hose for attachment with axes and more grenades. Even the fly galleries of the stage are protected with fire extinguishers and the men on the stage know how to use them. The stage also has a great advantage over the usual theatre stages in that it is on the ground floor and opens directly into the street.

Changes Coming
"There will also be changes made within a short time in the seating of the house. Instead of three aisles down stairs there will be four. I shall make it so that no row of seats has more than ten seats opening off it and one aisle will be directly in front of the main entrance. The middle aisle will be closed up and the two new aisles placed equally dividing the house on the sides. These, with the two aisles along the side of the house, will give four passageways instead of three as at present. I hope the people will use the exit doors at each performance so as to become accustomed to them so we anticipate no trouble whatsoever. There are two heavy door curtains that protect the audience from the stage that are lowered at each performance."

MOTT TRIAL BEGAN TODAY

BELOIT MAN CHARGED WITH ROBBERING FARMER.

FOUR MARKED \$20 BILLS

Issued by Same Bank in San Francisco, Introduced as Evidence in the Case.

The following jurors, all from Janesville, were drawn yesterday to sit on the case of the State vs. Harry Mott which came up before Judge Field in municipal court this morning: W. Brandt, F. A. Taylor, E. T. Brown, A. W. Jaumann, Mayhew, G. W. Greenman, M. Hayek, C. H. Kueck, James Caldwell, Leslie Treat, L. L. Fletcher, and C. N. Van Kirk.

Charge Against Mott
On the night before Thanksgiving Martin Anderson, a Clinton farmer, visited the red-light district of Beloit and came out with experience and minus \$280 in cash. He complained to the police and a short time later Harry L. Mott was arrested on the charge of committing the robbery. Mott's past record has not been entirely clear. He was arrested some time ago charged with irregularities in the Beloit postoffice and was sentenced to fifteen months in the Stillwater prison by the United States court. Last fall Mott sold slot machines to many local firms.

Witnesses Examined
The indictment against Mott for embezzlement on Sept. 29, 1901, was one of the first things introduced in evidence. George Moran, a saloon-keeper at Beloit, testified to the identity of a \$20 bill tendered by Anderson for \$8.50 worth of merchandise the night before Thanksgiving, and another \$20 bill received from Mott on Thanksgiving day.

Louis Billins, a butcher, testified to the identity of another \$20 received from Mott about Dec. 16. These bills are all issued by the same bank in San Francisco and had not been in circulation before they came into Anderson's hands.

Admission Made
In order that the defendant might have a more speedy trial (it being impossible owing to illness to secure the presence of the cashier without further delay) his lawyer agreed to admit that on the 24th of November, 1903, John Strom, cashier of the First National bank at Monroe, delivered to N. E. Treat 13 new \$20 bills issued by the Nevada bank of San Francisco; that such bills were never in general circulation; and that the \$20 bills in the hands of Chief of Police Schellert at Beloit are the same issued by said bank.

Wife and Children Present
It is understood that the defense will maintain that his client clung to the bills for Anderson. The state has fifteen witnesses and the defense has ten, so that the case may not be finished until Friday noon. Mrs. Mott and her two little boys occupy a conspicuous place in the court room.

ANNUAL MEETING OF COUNTY BOARD

ANNUAL NOVEMBER SESSION.
Office of County Clerk,
Janesville, Wis., Nov. 10, 1903.
The Board of Supervisors of Rock County met in annual session at 2 o'clock p. m. at the Court House in the City of Janesville, November 10, 1903.
Called to order by Alex. White, Chairman.
ROLL CALL.
Supervisors all present except Supervisors Arthur, Franklin, Lumsden and Pearson.
Quorum present.
The Clerk read the appointment of J. L. Whitehead of the Town of Beloit as Auditor for the year ending June 30, 1904.
To, F. P. Starr, County Clerk, Rock County.
The undersigned town clerk of the Town of Beloit, in said county do hereby certify that at a meeting of the supervisors of said town, held on the 2nd day of November, 1903, J. L. Whitehead, one of said supervisors, was designated to attend the meeting of the county board to be held on the 10th day of November, 1903, and that a member of said county board from said town, A. C. Powers, the chairman of said board, was present and attended said meeting of the county board.
J. L. HANSEN.
Town Clerk of the Town of Beloit.
Mr. Whitehead took the seat as a member of the County Board.
The Clerk read a letter from Alderman Whitehead, regarding to the removal of Municipal Court rooms.
Supervisor Gottle presented the following resolution and moved its adoption:
Resolved, That the County Board of Supervisors of Rock County, that, the chairman appoint a committee of three to select a new location for the Municipal Court of the City of Janesville relative to the location of Municipal Court rooms, the committee so appointed to report at this session of the Board.
Adopted.
The Clerk appointed supervisors Gottle, Croby and Gillies as such committee.
The Clerk read the following communication from the Board of Supervisors of the Town of Janesville, Wis., Oct. 15, 1903.
To the Honorable Board of Supervisors of Rock County.
The undersigned having established a Red Cross Ambulance Service in the city of Janesville and vicinity, is prepared to furnish prompt and efficient ambulance service to and from the county hospital and asylum.
This service is rendered by physicians as required to the care of patients in many cases, and in such cases as suitable means of transportation are not afforded the county, would be glad to confer with the committee on your Board relative to furnishing the same.
Yours respectfully,
J. H. HANSEN.
The Clerk presented a petition from Mary Flynn, which on motion of Sup. Gillies was referred to committee No. 10.
Supervisor Croby presented the following petition which was referred to Committee No. 1.
County Board of Rock County, Wisconsin.
Gentlemen:—In making out the tax roll for Village of Clinton for 1903, there was a mistake made in the following property: 8 feet of north side of 16, 25 feet of north and lot 12 and 25 feet of north side of lot 16, Block 46, Village Clinton.
The above, you will see, is incorrect in description, but as it appears on tax roll and is correct on the ground, an assessment on 8 feet of village property which does not belong to the property, or which is not in the village, is made. What the tax roll should be is 16 feet of N. side lot 16 and 25 feet of N. end of lot 12, Block 46, Village of Clinton, in which the property is located. In given in deed of property. By referring to stub receipts of village No. 240, you will see that a tax of \$7.00 was levied on the property for 1903 at the rate of \$0.875 on a dollar on a valuation of \$1000. Now, as the valuation this year is \$1000, the tax should be \$0.875 on the property 25 feet wide as it is in place of 8 feet as it was assessed in 1903. The property was deeded to me September 1, 1903, from Geo. L. Wood. Respectfully yours,
J. H. THOMAS.
C. E. Longworth, President of the Board of Trustees of the Insane Asylum and Poor House, presented the report of the Trustees of said institution as follows, which was referred to Committee No. 14.
ROCK COUNTY INSANE ASYLUM AND POOR HOUSE.
Trustees Annual Report.
To the Honorable Board of Supervisors of Rock County, Wisconsin.
Gentlemen:—As required by law, the Board of Trustees of the Rock County Insane Asylum and Poor House, do hereby honor to submit herewith its annual report for the fiscal year ending June 30, 1903.
The year at the institution has been a fairly prosperous one as will be seen by an examination of the reports of the superintendent and attending physician hereto attached.
The inmates are well cared for and well managed. The trustees met at the asylum the last of each month and always found everything neat, clean and in good order. We take great pleasure in complimenting the superintendent and his assistants for the excellent work they are doing. Personal restraint is resorted to only in extreme cases, and then only when absolutely necessary to maintain order and discipline.
We highly appreciate the very efficient and valuable services rendered by the nurses employed at the asylum, all of whom treat the unfortunate placed in their care with kindness.
The number of inmates cared for during the year was male 73; female 79, total 152.
The number of paupers cared for during the year was 51; female 57, total 111. Making a total of 256 paupers cared for against 211 last year.
The number in the asylum June 30, 1903, was male 73; female 79; total 152. The number in the poor house June 30, 1903, was male 51; female 57; total 108. The net cost per capita per week in the asylum was \$1.01. The net cost per capita in the poor house was \$1.18. The total cost for the year was \$1,818. The cost per capita per week last year of the paupers was \$1.00.
The crops on the farm are all looking well but a little later than usual owing to the backwardness of the season.
The stock on the farm looks well for this season of the year much better than last year.
The following is a statement of the financial condition of the institution for the year ending June 30, 1903.

Our Yearly Inventory Sale

In the history of our Merchandising among you, there has been many notable bargain events, but we will say this to you and we say it honestly, that no such bargain opportunity has ever been offered to the trading public hereabouts, as this big inventory sale which we have prepared for you. It isn't a "Section Sale." It isn't the advertising of a few specials here and there. Such is the far reaching importance of this event, that every stock in the store contributes its best to make it the money saving event of the whole year's business. We have made such price reductions as will crowd the store to the very doors, each and every day of the sale. Now we ask you to carefully note these reductions. If you read you'll investigate; if you investigate you'll buy, not alone for your present needs, but for a long time to come. Sale begins Saturday morning, Jan. 9, and closes Feb. 1.
